

ENVIRONMENTAL COMPLIANCE SERVICES

NGE works closely with clients across a variety of industries to minimize their environmental risks by applying our extensive knowledge of complex environmental regulations. NGE listens closely to each clients' unique environmental concerns and combines our tenured resources across many broad consultative disciplines to provide you with the best, most responsive solution. Our capabilities in this practice area include:

COMPLIANCE ASSISTANCE

NGE's team of experienced staff have extensive backgrounds in regulatory compliance and industry management practices providing regulatory interpretation, ongoing compliance support, permitting assistance, project management, and training services. We have regulatory experience with many of the relevant environmental regulations including RCRA, EPCRA, CWA and CAA.

REGULATORY COMPLIANCE AUDITING

NGE provides multimedia environmental auditing services to assist clients in maintaining compliance both federal and local regulations. NGE develops auditing protocols, conducts on-site audits, and assists clients with corrective actions.

ENVIRONMENTAL DUE DILIGENCE

NGE assists clients with Phase I and Phase II Environmental Site Assessments and other aspects of transactional support. Through detailed site visits, file reviews and historical investigations, NGE provides valuable services to clients related to the acquisition of industrial and commercial properties.

ENVIRONMENTAL REPORTING

NGE assists clients with a variety of on-going environmental reporting requirements such as air emission inventories, Form R and Tier II reporting, discharge monitoring reports for NPDES permits, hazardous and residual waste reports, TSCA reporting, Title V compliance certifications and deviation reports, and other key agency submittals.

ENVIRONMENTAL MANAGEMENT SYSTEMS

NGE has extensive experience with the development, implementation, and maintenance of environmental management systems, including those following the ISO 14001 standard. NGE manages internal auditing programs and provides assistance with surveillance and registration audits.

AIR AND WATER PERMITTING

NGE provides permitting services for clients related to air, wastewater, and stormwater regulations. NGE assists a variety of industries with Title V air permits, minor source air permits, and NPDES permits for wastewater and stormwater. Our staff has experience with regulatory agencies across the nation and has been successful at negotiating expedited approvals.

ENVIRONMENTAL PLANS

NGE is highly-experienced with the various environmental regulations that govern environmental plans for facility operations. NGE has authored and certified Spill Prevention Control and Countermeasure Plans, Storm Water Pollution Prevention Plans, Hazardous Waste Contingency Plans and Integrated Contingency Plans.
